Cloud: AWS

Operating Systems: MacOS, Windows, Linux

Experience

Daugherty Business Solutions, St. Louis, MO
Associate Consultant

JAN 2021 – Oct 2022

Using the best of modern software development tools and practices to bring value to clients. Providing expertise in software engineering throughout all phases of the software development lifecycle.

Home Depot, Atlanta, GA
Software Engineer I

JUN 2022 – OCT 2022

- Worked on building APIs and consuming RESTful microservices for supply chain distribution and allocations.
- Involved in the design, analysis, development, testing, and deployment of applications.
- Conducted unit, functional, and integrations tests to ensure compatibility and quality of code.
- Back-end development with Java, Spring Framework, JUnit, Sonar, Fortify, Mongo, MySQL, Oracle.

Cargill, Minneapolis, MN
Software Engineer I

SEP 2021 – FEB 2022

- Developed a mobile app to help farmers sell their yields to Cargill, improving their rates of contracts and improving user satisfaction.
- Worked on screens and workflows that allowed users to create and edit contracts in Android and iOS.
- Created dynamic forms that consumed REST services to auto-populate data into form drop-down lists.
- Front end development with React Native, Redux, StyleSheet, and Tailwind.

Bayer, St. Louis, MO
Software Engineer I

FEB 2021 – JUL 2021

- Transitioned a legacy app into a new app built from the ground up which improved usability and performance.
- Full stack development with DynamoDB, ExpressJS, React, Redux, Node, Mocha, Chai, Jenkins.
- Created forms and inputs with API integration to pre-populate form data from multiple agencies.

Timbergrove, Houston, TX
Software Developer

SEP 2020 – DEC 2020

- Worked throughout the Software Development Life Cycle in building a MVP for a full-stack IoT app with biometric integration.
- Developed in the front and back end with Mongo, Express, React, React Native, Node. (MERRNN Javascript stack).
- Designed and built UI layouts for forms and dashboards.
- Conducted Quality Assurance (QA), Quality Control (QC), and Testing.

Education

AWS Certified Cloud Practitioner Certification (2022)

DigitalCrafts – Coding Bootcamp, Atlanta, Georgia (2019)
Full Stack Javascript (PERN) software development

TreeHouse (2016)
Techdegree in Full Stack Javascript (MEAN)

Georgia Tech, Atlanta, Georgia (2013)
M.B.A and Entrepreneurship Certificate

Georgia Tech, Atlanta Georgia (2007)
B.S. Electrical Engineering
